Teenagers generally have more mature and complicated concerns about love, sex, and relationships and how they fit together. This book is meant to help you approach these subjects and create meaningful dialogue about them. The program includes topics like emotional intimacy, social media, consent, and creating healthy relationships. Each topic has bullet points and numerous questions to act as conversation starters. These will facilitate vital talks while allowing you to express your own thoughts, feelings and cultural beliefs. Included with this book is a code for downloadable topic cards that can be printed and placed in a convenient spot to serve as a reminder to both you and your teen to start talking! All of these topics have been thoroughly researched and will initiate an ongoing, layered dialogue that will continue into the future. As you progress through these talks, your relationship with your child will be strengthened and you will be able to discuss anything that follows as your teen grows into a healthy, knowledgeable adult.
