COMMUNICABLE THE SLUT SYNDROME EBOOKS 2019

Author: Haruko Minami

Release Date: Lanzamiento previsto: @@expectedReleaseDate@@

When Helen's no-good husband dumps her, she takes the opportunity to engage in a steamy tryst with a new friend she meets at the gym. As the sex intensifies, Helen discovers that she's contracted an experimental organism from him. At first confused and suspicious, she soon realizes the condition doesn't debilitate her, but rather enhances her libido, appearance, and abilities, allowing her to live out her deepest sexual fantasies. When she meets the scientist responsible for the organism, she learns it's her "right as a woman" to have sex with as many men or women as she wants, as often as she wants. Her encounters lead her down a strange path involving anti-sex terrorists, kidnapping, and time travel, giving her a glimpse into a new future of pleasure she never thought possible.

Communicable: The Slut Syndrome, is the story of one woman's sexual awakening as she progresses from simple masturbation and straight vanilla sex, and on to lesbian experimentation, exhibitionism, threesomes, sex with multiple men, group sex, light kink, and orgies.
